

A Review Of Quarter 1

It was in the month of March that President Ramaphosa announced the removal of the PCR test requirement and the opening of stadiums and other events venues for more crowds covering 50% of the venue's capacity. These together with other COVID-19 related new regulations herald the start of the management of the pandemic through health regulations instead of the national state of disaster regulations. These have a profound implication on tourism and the visitor economy broadly as visitors into South Africa who are vaccinated can now enter the country without producing a negative PCR test results which has been a major deterrent for regional and international travellers.

The period under review has also been characterised by sharp increase in petrol prices as the effects of the Russia/Ukraine war filters down. High fuel prices and the latest increase in the interest rates by the SA Reserve Bank continues to suffocate consumers reducing or cutting completely their disposable income thus affecting tourism spend, travel plans and consumers ability to participate in events, leisure travel and businesses cutting on corporate travel, meetings and related activities

Another key sticking point in the period under review has been the liquidation of Comair resulting in the discontinuation of British Airways and Kulula flights. This has a negative impact on travellers confidence and as we have witnessed it has resulted in high flight

flights tickets as there is limited capacity to cater for the high demand following the resumption of some of the sports and cultural activities that increased demand.

On the regional markets, the GTA implemented an in-market activation in Gaborone-Botswana to reintroduce the destination brand and Gauteng offerings to the market in that country especially travel trade and the media. For the first time the activations included the GGDA, collateral from Gautrain and the full participation by GDED and the Rand Show team in market.

This period also saw the hosting of the National Tourism Careers Expo by Gauteng which was preceded by the official media launch on the 10th March and the actual main event -

event from the 25th - 27th March 2022 at the Joburg Expo Centre in Nasrec. The tourism and hospitality sector skills shortage which has been made worse by the closure of some of the tourism businesses needs special attention as this is key to the rejuvenation of the supply side of tourism as we journey together towards recovery.

Africa Also Sees Growth

All regions enjoyed a significant rebound in January 2022, from low levels recorded at the start of 2021. Europe (+199%) and the Americas (+97%) continued to post the strongest results, with international arrivals still around half pre-pandemic levels (down 53% and 52%, respectively).

The Middle East (+89%) and Africa (+51%) also saw growth in January 2022 over 2021, but these regions saw a drop of 63% and 69% respectively compared with 2019. While Asia and the Pacific recorded a 44% year-on-year increase, several destinations remained closed to non-essential travel resulting in the largest decrease in international arrivals compared with 2019 (down 93%).

On an international front, the war between Russia and Ukraine as reflected earlier continues to be a major stumbling block in the African continent's strive to recover our economies. This war as we have seen has a devastating effect on commodities prices, fuel costs and movement of people. Europe especially Germany, France and United Kingdom remains our biggest source markets and any disruption that happens in that region affects our ability to rebound tourism growth from these markets.

African tourism was driven mainly by long-haul travel, listing the source markets currently leading the recovery as France, the US and the UK. Overall, international tourism continued its recovery in January 2022, with a much better performance

compared with the comparatively weaker start to 2021. However, the Russian invasion of Ukraine has added pressure to existing economic uncertainties. Overall confidence could be affected and hamper the recovery of tourism, warns the UN World Tourism Organization.

Based on the latest available data, global international tourist arrivals more than doubled (up by 130%) in January compared with the same month in 2021. The 18 million extra travellers recorded worldwide in the first month of this year is the same number as the total increase for the whole of 2021.

While these figures confirm the positive trend already under way last year, the pace of recovery in January was affected by the emergence of the Omicron variant

and the re-introduction of travel restrictions in several destinations. Following the 71% decline of 2021, international arrivals in January 2022 remained 67% below pre-pandemic levels.

School holidays are what we all look forward to!

Whether you're looking for cold or warmer winter getaways, Gauteng has so much to offer!

Check out these holiday deals and specials to keep the kids entertained.

We Have A Refreshed And Exciting New Website!

We are really excited to announce the launch of our brand-new Gauteng Tourism Authority website!

Our goal with this new website is to provide our visitors with an easier way to learn about the destination, our offerings and to allow the visitor to browse information based on their own choice. The new website is creative, interactive and gives better access to web pages. We will be constantly updating our content with helpful destination information, events, articles, newsletters, -

industry announcements and news. One of the most notable functions of our new website is the Virtual Tour functionality, giving you full walk-through to some of Gauteng's attractions.

Our new website is also fully responsive, meaning that you can view it with ease on any device, whether in the office, at home or on the move! Check out www.gauteng.net all the latest updates from GTA and if you need to get in touch with us, drop us an email on info@gauteng.net!

Events recap

3

NTCE 2021

The 2021 National Tourism Careers Expo was held in Gauteng for the first from 25 to 27 March 2022 at Joburg Expo Centre. The expo will be hosted in the province of Gauteng for the successive three years (2021-2023). NTCE is an initiative of the Department of Tourism, and the Culture, Arts, Hospitality Sector Education and Training. It was initiated to create opportunities for tourism diversification and harnessing local skills for livelihood prospects looking at trade, tourism and cultural hubs. The Expo was held under the theme

"Rebuilding a resilient and inclusive Tourism sector for the future", and showcased careers and business opportunities that exist in the sector. Since its inception in 2008, the NTCE has bridged the information gap between the industry and learners and offers youth opportunities to directly interact with potential employers in the sector.

The 2022 edition will be held on September 2022.

Dinokeng Road Trip

Gauteng Tourism encouraged travellers to take the road less travelled in search of adventure, culture, and history. The GP adventure of note took place on Saturday 2 April at Zonderwater Prison Cricket Club. The starting point of the road trip was at Freedom Park in Pretoria where the inspired gathered to start the convoy. The intention is to have the road trip every year and having Metro FM as a broadcast partner on the day was key in creating awareness about this initiative to inspire more people to participate in future.

The sunny afternoon was an affair of musical entertainment, with headline performance by Amu Faku. We encouraged locals to experience Dinokeng by promoting travel packages that included Dinokeng which were promoted on our social media platforms.

Golf Day

The year 2022 saw the return of the annual Gauteng Events Golf and Media Open Day on 7 April 2022 at Soweto Country Club. The Inaugural Gauteng Golf Day took place on 19 September 2019 at Fairway Hotel and Golf Resort. The platform provides an opportunity for events organisers to market their events to travel trade and media. Participation normally takes place in the form of a 4-ball alliance, hole branding and sponsorship of prizes to make the day a success. The day culminated into a prize giving ceremony and an evening of entertainment through stand-up comedy and music.

Rand Show 2022

Gauteng hosted its most popular Easter event. After a 2-year interruption due to Covid-19, visitors were thrilled to get out and share an enjoyable day with family and friends. The show's target was 65000 under the 50% venue capacity regulation. The show was an overall success attracting 45000 in its first year after missing two years and its first year as a 6-day show. Visitor traffic was highest on Easter Friday and Monday, with lower attendance over Saturday and Sunday due to the sudden cold snap and heavy rains. Other highlights of attendance, 4071 articles and mentions online, print and radio broadcast, 209 000 website views, 198 000 google searches and over R100m PR value generated

Africa's Travel Indaba

After 2 years of absence due to Covid 19 pandemic, the travel industry was excited to have Africa's Travel Indaba back in the calendar. The trade and consumer show took place from 3-5 May 2022 at Inkosi Albert ICC and Durban Exhibition Centre. Among the highlights of this year's ATI was having the SoWeToo Hop On Hop Off at the Gauteng Pavilion as part of launching the new sightseeing route in Soweto. We also reiterated our position as the Home of Champions through our SportingGP activation that took place at the Gauteng stand on the 4th of

May where all participants wore t-shirts representing various sporting codes. Another highlight was the Amapiano Hour 17h00 to 18h00 everyday of the show to also highlight the MusicalGP aspect of Destination Gauteng experiences.

Gauteng New Attractions

Yes, New Places & Spaces Are Still Opening!

Hotels, Restaurants and various other attractions in Gauteng are not only reopening their doors, but there have been several new properties debuting for the very first time. It's no secret that COVID-19 hit the tourism industry extremely hard. But thankfully, there's still a glimmer of sunshine amidst the storm. As we emerge from what has arguably been the hospitality industry's most difficult time in history, Gauteng is seeing an increase in the number of new attractions which has brought confidence to the sector that things will indeed get better.

As we finally leaving the confines of our homes – there's no better time than now to check out a brand-new space in the province. Here are a few new GP attractions to add to your list:

Rosebank Precinct

The neighbourhood of Rosebank saw a wave of new hotel developments in the past months, from aparthotel Hyatt House, an IHG Hotel Voco, and the first hotel of the Radisson groups RED brand in Gauteng, Radisson RED Rosebank.

Also in the hub of Rosebank is Home Suite Hotels and, nestled in the heart of Rosebank's foodies district is Proud Mary, a modern mid-century inspired all-day eatery and wine bar to suit every taste. Set in a lush secret garden is Seven Villa Hotel & Spa, a natural sanctuary tucked away in the centre of lively Sandton.

Sandton District

The Sandton district also welcomed Alto234, the highest urban bar in Africa, found on the rooftop of The Leonardo, the space boasts 360-degree views over one of the most wooded cities in the world.

It must be mentioned that one of the highlights of this devastating period was having former president Nelson Mandela's first home in Houghton, Johannesburg, being refurbished, transformed, and re-envisioned as an iconic hospitality experience set to attract world leaders and people who aspire to the inspiration of this global icon,

offering them an opportunity to be immersed in his most intimate environment. Renamed the Sanctuary

Mandela, this unique hotel features nine rooms accommodating up to 18 guests, retreat spaces for reflection, and a personal connection to the private life of Madiba. It is the only former residence of Madiba accessible to the public not as a museum but as a venue for an intimate stay with the memories

Soweto

Our township of Soweto was not left behind as it also saw exciting new food and entertainment establishments being opened, from the classy 1947 on Vilakazi Street, Society 88 also on Vilakazi Street, the banging home of Amapiano, KONKA in Pimville and the premium Brown Sugar at Maponya Mall. of the global icon.

Here are some other new spaces which debuted during the lockdown:of the global icon.

- Society 88
- Radisson RED Rosebank Hotel
- Home of the Bean
- Gold Crown Int' Hotel
- The Hurlingham
- Seven Villa Hotel and Spa
- Home Suite Hotels Rosebank

Winter Deals

Gauteng is excited to be embarking on an exciting Winter Driven Deals from the 16 June – 31 August 2022. We know that businesses have been impacted and have experienced difficulties and challenges over the past two years. That’s why Gauteng Tourism Authority is embarking on a Winter Driven Deals Campaign poised to be an annual tourism sale campaign that will offer Gautengers and South Africans alike an opportunity to experience day to day visits in their own backyards and experience longer stays in the province at affordable and discounted rates.

The Gauteng Winter Driven Deals platform, along with extensive marketing, tips, and tools – will give our products, offerings and experiences exposure to Gauteng and Mzansi’s travellers, allowing their business to be seen and heard all over the province like never before.

Please forward your winter deals including deals targeted at the youth, school going kids and families, ladies getaway deals targeted at Women’s Month in August contact persons are Mputle Dikobe email address **mputle@gauteng.net** and **Phumeza Tanou** email address **phumeza@gauteng.net** .

It's school holidays again!

Take a Sho'tLeft in Gauteng. We have plenty of activities to keep the kids busy and the whole family entertained.

Thobile

Graphic Design Intern
Gauteng Tourism Authority

The reason I love or like Gauteng is that it is the province of many opportunities, the province has one of the best attractions and the vibe is second to none. The province has one best transports that you could easily use from point A to point B. The food, culture is very diverse and the entertainment makes Gauteng to electrifying.
